Are you looking for a wig that is low maintenance/no fuss or one that can be styled with heat tools for different looks?

Will wig be needed for temporary use or long term? Do you plan to wear daily or just occasionally? _____

Will your insurance plan cover your wig? Is there a max fee they allow? _____

If your wig is for medical hair loss, please check your insurance plan for coverage for procedure code A9282 – Cranial Prosthesis. Have the insurance representative to check your plan to make sure the item is not excluded from your plan & if, covered, your deductible, coinsurance/co-pay, maximum price allowed, frequency of replacement, if needed. **Record the representative's name, date & time of call and ask for a reference number for your call.**

We encourage you to go to our website to view our top 20 styles & color chart, as well as our resource page.

If we are meeting with you at one of our satellite offices, it is very helpful if you send us a photo of yourself by email (fittingsbym@hotmail.com) or text (410-458-6854) Include your name & appointment date in the subject. _____

If your remaining hair is long, or thick, please wear it in a low ponytail for your fitting or consider having your hair cut shorter before your appt. to get the best idea of how your wig will look when there is no hair underneath.
